

### Quantity of Fish Eaten Form

1. In the box below, using a pen or pencil, draw the life size piece of fish that you ate. Assume that you are looking down onto the fish and draw the outline of the portion size that you remember eating.

[illegible]

2. Please estimate the thickness of the fish you ate. Assume the fish is lying on a table and your eyes are level with the tabletop. Indicate the life size thickness of the fish starting from the tabletop using a pen or pencil.
